Arrived brig Columbia, captain Dye, from Port Royal, (Jamaica) sailed from thence the 20th of March. Spoke the following vessels on the passage; March 26, in sight of Cape Antonio, west end of Cuba; ship Caroline of New-York, from the Bay of Honduras, bound to Baltimore; schooner Citizen, of New-York, captain Young, from Aux-Cayes, last from Jamaica, bound to New-York, with French passengers. March 29, lat. 24, 20, long. 80, spoke the schooner President of New-York, from Kingston, (Jamaica) out 14 days, bound to New-York with French passengers. April 4, lat. 33, 50, long. 74, spoke the ship Robert, of Philadelphia, from Amsterdam, out 71 days bound to N. York, she had lost part of her cut water.

To the Common Council of Alexandria.

The PETITION of the FORESTALLERS,
Respectfully represents,

That your petitioners now are, and for a considerable time past have been extensively engaged in the business of *forestalling*, which they have followed with all that industry and attention, which is necessary in their calling.

That they feel themselves much aggrieved and oppressed by a law of the Corporation, which prevents their purchasing such articles as are usually brought to market, before 10 o'clock; they therefore request your honorable body to repeal the law, so as to enable them to purchase provisions (including fish of every description) at all times and places when it may suit their convenience.

That your petitioners being conscious of the very important service they have rendered the Town through the Winter, by furnishing the citizens with every article of marketing at very reasonable prices (at no time exceeding 75 per cent. advance) and saved them the trouble of going to market, and the country people of carrying provisions, &c. there, feel confident that your honorable body will consider it not only just, but good policy to allow them a *bounty* in future, on all marketing by them purchased and sold; and in order to make the payment of it as easy as possible, they beg leave with great deference to suggest the propriety of selling the Market-house (now of little use) and paying the bounty out of the interest of the money arising from the sale, which with the salary given to the clerk of the market (who they request may be immediately removed) would be sufficient to encourage them to pursue their profession.

That although many of your petitioners at present pay little or nothing towards the support of the town, yet in a few years from their unremitting industry, they expect if properly encouraged, to acquire very large estates, the taxes on which would be of great benefit, except your honorable body should be of the opinion (which they hope will be the case) that so useful a class of citizens should be exempted from any tax whatever.

Your petitioners apply to you with the utmost confidence, firmly believing that your honorable body will take their case into consideration, and grant them immediate relief.

And your petitioners as in duty bound, will ever pray, &c.

WARNING VOICE.

[The following is copied from a late "Repository," as an article of great beauty. If we have any shrewdness in developing authors, it is from the prolific pen of the American Burke, whose labors have done honor, not only to the literature and eloquence of our country; but will prove the means, it is hoped, among other auxiliaries of curbing the wild and licentious spirit of modern philosophy.]

JACOBINISM is the government of demagogues, who, to manage the passions of the people, must stir them up to fury. It is therefore in its very nature, violent and revolutionary. We have seen what it is by its effects in France. Jeffersonism is a species of Jacobinism differing very little from its violence, a little less courage, and a good deal more hypocrisy.

What is Federalism? It is an habitual submission to the restraints of law and good government. It is that spirit of subordination guided and enlightened by that set of principles that Washington has unfolded in his last Address. Nobody can mistake, unless it be wilfully, what federalism is. It is as far removed from Jeffersonism, as truth is from falsehood, honor from meanness, Washington from Jefferson.

To drag the dark demon of Jacobinism into day, is no hard task, to vindicate federalism is easy enough, for Washington's example and his address explain and fix its character and creed. But to bind the Jacobin demon in chains, and in order to do it, to rouse numb federalism into life and action, is a task, not wholly to be despair- ed of, but never to be accomplished, until genius, learning and eloquence, combine to flash light and fire from the press and Congress hall; and until the men who own money, or farms, see and tremble while they see, that Jacobinism will never desist till it has despoiled them. It is in vain that we have warnings, inasmuch as three years experience, shows we will not take them. We seem predestined to SLEEP and PERISH—and that quickly.

Reports of CASE argued and determined in the Supreme Court of CUPID.

Hicmal Term—Anno Amoris, 3808.

PENDARVIS vs. ACKORYD.

THIS was an action on the case for *pressing* the plaintiff's hand while carrying down a dance in an assembly room.

For the defendant it was urged that he had been frequently in company with the plaintiff, that she had ever treated him with very great civility and that she had positively shown, by her manner, that she was much charmed with his society; and moreover that the defendant being partial to her, and thought this a favorable opportunity of testifying his affection, by pressing the hand of the plaintiff.

To the former part of the plea the plaintiff replied, that she had ever been taught to treat with complaisance those, whose conduct and situation justly required it, but, she was confident she had not given the Defendant any reasonable ground for supposing himself the object of her peculiar regard, and that his supposition amounted at best to very feeble presumption. A Demurer was put in the latter part of the plea that the defendant could not plead in justification, what he says a "favorable opportunity" of pressing the hand of the plaintiff, such conduct being in direct violation of the statute in that case made and provided. By the Court. Civility is of very great consequence in the female character, but it is at least expedient that females should be cautious in directing and exercising it; and although it is improper to presume on the favorable opinion of a lady without ample testimony, had the Plaintiff in the present case given positive encouragement to the Defendant, something might be urged in his extenuation. However as it was known by the defendant that the plaintiff possessed an uncommon degree of politeness and as the defendant had actually violated the statute, judgment must be given for the plaintiff.

Bapt. Cox.]

Senator Wright.—It is said that citizen Wright arrived the other day in Baltimore, without the Capitol, which he had intended to carry off on his shoulders.—Various conjectures were made as to the cause of this disappointment. Some say that Findley pulled it away from Wright, packed it up in "a large wooden box" and actually set out to Philadelphia with it. Others insisted that Beau Dawson has put it into his *ridicule* and with Randolph's assistance, carried it to Mr. Jefferson at the president's House. But others report, and this agrees with the latest accounts we have had from the city, that an old gentleman by the name of *Public Faith*, laid hold of the Capitol and would not suffer it to be moved from the spot where it was originally placed, and notwithstanding he had been very much beaten, abused, maimed, and weakened of late by certain men high in power, he yet had strength enough to save the Capitol & drive off all his enemies and that it still stands unhurt on Capitol Hill in the city of Washington, where we hope and trust it will stand forever.

Dr. HAMILTON'S ELIXIR,

A sovereign remedy for Colds, Catarrhs, Coughs, Asth-
mas, Croup, Sore Throats, and Approaching Con-
sumptions.

To parents who may have children afflicted with
the HOOPING COUGH.

This discovery is of the first magnitude, as it is an
immediate relief, checks the progress, and in a short time
entirely removes the most cruel disorder to which child-
ren are liable—the Elixir is so perfectly agreeable and
so safe to small, that no difficulty arises in taking it.

From LUTHER MARTIN, Esq. Attorney-Gener-
al of the State of Maryland.

Gentlemen,
I comply with your request in stating my opinion
of Hamilton's Elixir. It has been used in my family for
two or three years past, with uniform success, whenever
colds, coughs, or similar complaints have rendered
medicine necessary. I have myself found it an excellent
and agreeable remedy for a very painful and troublesome
affection of the throat, accompanied with soreness and
with obstructed and difficult breathing.

On these accounts I do not hesitate to recommend Ham-
ilton's Elixir, as a valuable medicine, and deserving
public attention.

LUTHER MARTIN.

Mr. Abijah Henly, Bridge-Street, Baltimore, was cured
by one bottle of Hamilton's Elixir of a very complicated
disorder, occasioned by a severe cold caught several
months ago. He breathed with the greatest difficulty,
and was often thrown into sweating fits when he
attempted to walk any distance, and his voice would
frequently fail in such a degree that he could only at-
tempt to whisper. He has been upwards of six weeks
without a return of his complaints, and desires to give
this public testimony in favour of this invaluable medi-
cine.

Dr. Hamilton's GRAND RESTORATIVE,

Is recommended as an invaluable medicine, for the
positive relief and permanent cure of the various complaints
which result from dissipated pleasures—juvenile indiscre-

HAMILTON'S ESSENCE AND EXTRACT OF MUSTARD,

A safe and effectual remedy for gout, rheumatism, pul-
sery, sprains, bruises, pains in the face and neck, &c.
And has performed more cures in the above complaints
than all the other medicines ever before made public.

From Dr. Weatherburn,
Wythe county, Virginia.

Gentlemen,
I purchased at your shop the preparations you call Ham-
ilton's Essence, or Extract of Mustard, which I believe
has perfectly removed a chronic rheumatism (of that kind
named sciatica, or of the hip joint) under which I had
laboured for a long time, and which had baffled every
article in the Materia Medica, and every mode of treat-
ment received into practice for the cure of this obstinate
disease. If you think this letter useful you are at liberty
to make it public.

Yours, &c.

P. WEATHERBURN.

John Hoover, rope-maker, South Second Street, be-
tween Mary and Christian Streets, Philadelphia, volun-
tarily unskilled each as follows, namely, this his wife,
Mary Hoover, was so severely afflicted with a violent
rheumatism, very dangerously situated, the consequence
of a severe cold after lying in, as to be confined to her bed
for several weeks, and was at length reduced to the
melancholy apprehension of remaining a cripple for life,
notwithstanding the most respectable medical advice
was followed, and every probable remedy attempted;
when seeing several cases of cures performed by Ham-
ilton's Essence and Extract of Mustard, they were pro-
cured from Mr. Birch, No. 17, South Second Street.
The first application enabled her to walk erect, the
room, and the use of one bottle restored her to her usual
state of health and strength.

HAMILTON'S

WORM DESTROYING LOZENGES.

Which have within four years past cured upwards of
one hundred and twenty thousand persons of both sexes,
of every age, and in every situation, of various dangerous
complaints arising from worms, and from obstructions
or looseness in the stomach and bowels.

This medicine bears an analogy whatever of similar
title, so commonly compounded of as operating with vio-
lence on the contrary, particular a excellence of this
remedy is its being suited to every age and constitution;
contains nothing but what is perfectly innocent, and is
so mild in its operation that it cannot injure the most
delicate pregnant lady, or the tenderest infant of a week
old should no worms exist in the body; but with with-
out pain or griping, cleans the stomach and bowels of
whatever is foul or offensive, and thereby prevent the
production of worms and many fatal disorders. They
are particularly efficacious in carrying off all gross hu-
mors and corruptions, feverish and bilious complaints, and
re the most and mildest purgative that can be used on
any occasion.

Defecation of Worms, and the Symptoms which by they are known.

Worms which infest the human body, are chiefly of four
kinds, viz. the Terebra or large round worm, the Ascaris,
or small maw worm, the Oxyuris, or short,
flat, white worm, and lastly, the Tenuis, or tape worm,
so called from its resemblance to tape; this is often many
yards long, and is full of joints—it is most hurtful, and
is difficult to cure.

Among the symptoms attending worms, are disagree-
able breath, especially in the morning—Bad and corrup-
ted gums—itching in the nose and about the feet—Con-
vulsions and epileptic fits, and sometimes privation of
speech—Starting and grinding of the teeth in sleep—Irre-
gular appetite, sometimes loathing food, and sometimes
voracious—Purging, with slimy and fetid stools—Vomit-
ing—Large and hard belly—Pains and sickness at the
stomach—Pains in the head and thighs, with looseness of
stools—Slow fever, with small and irregular pulse—A dry
cough—Excessive thirst—Sometimes pale and unhealthy
countenance, and sometimes the face bloated and flushed.

Persons afflicted with any of the above symptoms
should have immediate recourse to HAMILTON'S
WORM DESTROYING LOZENGES, which have
been constantly attended with success in all complaints
similar to those above described.

A dose of this medicine given occasionally during the
warm season, will effectually prevent the vomiting and
purging of children, a dreadful disorder which annually
destroys thousands of the infant part of our cities. It is
likewise the mildest and most certain remedy known, and
has restored to health and strength a great number when
in an advanced stage of this fatal complaint. Particular
and plain instructions are given for every part of the ne-
cessary treatment in such cases.

Children generally take this medicine with eagerness;
having a pleasing appearance, and an agreeable taste.

CAUSES OF CURES—by Hamilton's Worm Destroy- ing Lozenges.

(Selected from thousands) the authenticity of
which any person may ascertain, either by letter
or personal application.

TAPE WORM.

Mr. SAMUEL FULLER, turn-keeper, on the Har-
ford road, ten miles from Baltimore, began about 20
months ago to be grievously afflicted with a tape worm,
which increased fast in size and strength, so as to excite
the most horrid sensations by its writhing motions and
intolerable pains, resembling the gnawing and tearing of
his bowels, which deprived him of his necessary sleep,
and caused him dreadful apprehensions as cannot be con-
ceived but by one in a similar situation—his appetite wait-
ed rapidly, and with that his strength, so that he was
unable to attend to any business—when he heard of
some excellent cures performed by Hamilton's worm
lozenges, he took a large dose, which brought away a
FOUR-YARD worm (now in the pos-
session of Lee & Co.)—but a renewal of his pains soon
convinced him that this monstrous reptile had recovered
its first vigour—Application was made to Lee & Co. for
more of their medicine, with their advice—from which
resulted the total expulsion of his formidable enemy, in
several pieces, which he supposed to be SIX or EIGHT
YARDS more. A few months have since elapsed, and
Mr. Fuller is now in perfect health. The above facts
are well known to a numerous circle of his neighbours,
and himself will gratify any who may wish to make further
inquiries on the subject. Although Hamilton's worm
lozenges produce such powerful effects, when necessary,
yet they are perfectly innocent and mild in their op-
eration on the human body, even taken in large doses, as
Mr. Fuller will testify—their particular mildness is abun-
dantly evident in innumerable cures of infants.

Communicated by Dr. John Spangler, York-
town, Pennsylvania.

Letter from the reverend Mr. JOHN MOLTER,
minister of the Moravian church, in York-town.
York, January 4th, 1802.

Dear Sir,
Dr. Hamilton's lozenges have been recommended to
me as a very adequate means for the cure of children af-
flicted with worms, I procured a box for the use of my
family, to try, whether by means of this medicine, I
might be enabled to gain a point, which, to accomplish,
different other means had proved abortive. My eldest
boy had a very sickly appearance, was very restless at night,
grew leaner from time to time; in short, he seemed to be
in a precarious state of health, which would yield to none
of the medicines administered, until I gave him two
doses of lozenges agreeably to the directions, which car-
ried off a substance to all appearance a mercurius but
upon close inspection quite repelled with very small living
animals. Not one of that sort of worms which usually
afflict children came from him. Since that period he grew
remarkably better in health, and though lean, has got a
fresh and lively complexion. Upon different occa-
sions I have used this medicine as a purging substitute, and
found it to answer exceedingly well, without bringing on
belly-ache, or any of those disagreeable sensations, so of-
ten occasioned by purging medicines. Upon the whole I
judge this medicine to be, besides its main object, one of
the most salutary means for restoring lost appetite, and
promoting a proper state of digestion, by carrying off
that bilious substance, which engenders so much indis-
position both among children and adults.

I am, Sir, your most obedient servant,
JOHN MOLTER.

ONE HUNDRED DOLLARS REWARD.

RANAWAY from the subscriber on the 29th

B O B,

about 20 years of age, five feet nine inches high
straight limbed and well formed; said slave hath
an impediment in his speech which prevents him
readily replying to a question. He commonly
wears ear-rings. He took with him a variety of
good clothing, a description of which is unneces-
sary, as it is probable he has changed them. He
has been frequently seen about town since he ab-
sconded, and in all probability is now secreted by

of Mr. JOHN MURK, late of this town, but now
said to be free. The above reward will be paid
